COLLECTION 2023-24

HERE AT BADABULLE,

we know that there are countless parents and endless different ways of bringing up children. So many principles we apply, and so many excuses we find for not sticking to them.

Rules we learn, and rules we make up as we go along.
Hints and tips that work, or not...
and some that we really don't really feel like trying.

Examples we follow, and some we'd like to set.

And amongst all this are the parents themselves.

Those who only want the very best for their children, and set time aside to watch them grow.

Those who want to bring their children up in a certain way, but are also on a budget...

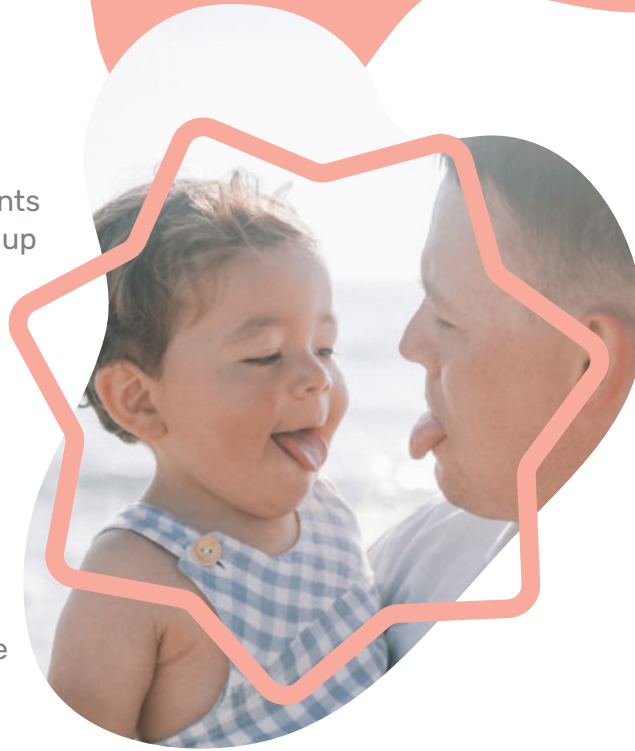

Those who want to be super involved, and need all the kit that goes with it.

Here at Badabulle, we understand all that.

That's why we have worked with parents to design essential, simple product ranges that won't break the bank... and look good too!

In short, must-haves that might not solve their sleep deprivation, but might at least give them that little bit of help they need.

Because having children is always a great adventure, we are determined to support parents every day so their children can grow up under a lucky star.

THE

CHUBBIES

AND THE FOREST OF THE FIREFLIES

ONCE UPON A TIME THE CHUBBIES...

Cuddly little creatures living in the Forest of Fireflies. These magical little creatures have the extraordinary power to put children to sleep...

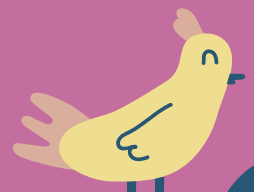

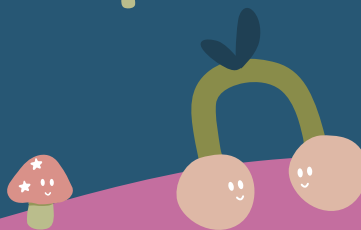

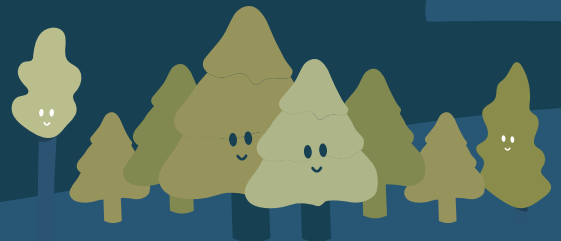

The Chubbies have one thing in common: they all have a name that starts with a B, and they're particularly cute...

At the same time, we know them, because the Forest of Fireflies is full of luscious berries, magical sweet trees, enchanted fruit bushes and sparkling mushrooms.

And at night, the magic happens... The Chubbies light up like fireflies to help children have sweet dreams. As cute as they are intriguing, each Chubby is unique and possesses its own magical power.

Some like to lull children to sleep with enchanting songs, others project wonderful coloured lights, soft or warm, depending on their mood.

The Chubbies are adorable creatures who love to make new friends. So if you want to explore the Forest of Fireflies, Barnabé, Bertille and Basile will be delighted to show you around!
